

Vallis Return To School ROTA Plan – YR & Y1 Groups

This arrangement is sustainable if/when we re-open for more year groups. The additional teachers would go back to their own classrooms to be with their own class groups. This would only happen if/when the government advises it is safe to do so.

- Extra teachers could be used to take a group outside/other classroom.

Uniform

- Children do not need to wear school uniform as it will be easier to wash/clean their own clothes. We would ask for different clothes to be worn each day.

Movement Around School

- In the corridors, please keep to the left hand side.
- In narrow corridors, wait for people already in the corridor to pass before entering.
- Turn your face away to the wall when passing.
- If you need to go to the office, please speak with the office staff through the window unless it is a first aid issue.
- Encourage the children to not keep going to the toilet – keep this to a minimum.
