

Create a 'journey through time' illustration or collage for an everyday object. For example, it could show a telephone or a bicycle. Show how it has changed over time.

Write questions you would ask family members about the past or the future.

Interview members of your family about the past.

Imagine you are a time traveller and go forward in time. Interview your grandchildren about the future. What would they say?

BBC bitesize are also providing lessons for you to access at home:

<https://www.bbc.co.uk/bitesize/primary>

For children who are on reading scheme books, you can access additional texts online at

<https://home.oxfordowl.co.uk>

Write a newspaper report of film a news report about the past, present or future. It may be from a time or place that your time machine has taken you to.

Don't forget you can do a daily maths lesson from White Rose Maths Home Learning and log in to TTRockstars

Vallis Time Travellers - KS2

Make a Maths Machine. You decide what the machine will do that you put in, then work calculate what answers will come out. It might add, multiply, or divide for example. It could even generate maths problem solving questions.

Travel in your time machine back through your life or further into the past. Can you make a timeline of important events and include the dates? Can you extend your timeline into the future to show your hopes/dreams?

Find out about an artist in the past and create an artwork in that style. Find out some facts about your artist and make a poster of this information.
