

Vallis Guinness World Records - KS2

Make a collection of the smallest things you can find and display them - in a match box, egg box, any box which could be decorated.

If you were going to create an exhibition of tiny things, how could you advertise it and persuade people to come and visit? You could design a poster of flyer for example.

Set yourself a reading challenge. How many pages or books do you think you can read in a week? Try and read even more!

Animal Olympics. If the children hosted an animal Olympics, which animals would they choose for swimming, sprinting, high jump, long distance running and weight lifting? Why? Include information about habitats, where in the world they are found and diet.

Are you a Vallis Record Breaker?

Choose one or both of our record-breaking challenges then let us know how you get on. We want to see who is the record breaker in each key stage and across the whole school. Check out Make and Break on

http://kids.guinnessworldrecords.com/activities

- Who can make a rubber band car travel the furthest?
- Who can hit a target the most times in 3 minutes with a paper aeroplane?

Write a poem about your 'personal bests'. | Find out the record for one of these

Your could repeat the line

In one minute I can...

... or change it. Try and use effective language in your poem.

Find out the record for one of these activities and try and beat them.

Most dominoes stacked in 30 seconds.

Fastest 100 metres hula hooping.

Farthest distance to blow a pea.

Fastest time to arrange the alphabet from a can of alphabet soup.

Set yourself a PE challenge. eg. How many skips of a rope can you manage in 1 minute? What is the smallest object you could throw and catch 50 times without dropping it? You could challenge a friend (on Facetime?) or a family member.

BBC bitesize are also providing lessons for you to access at home: https://www.bbc.co.uk/bitesize/primary (White Rose Maths is now on here too)
