

Whole School Theme – Changes Week 2

Have fun completing some of these activities with your child/ren over the next week. Don't forget you can still share their work in our Virtual Vallis Facebook group or email your child's class teacher!

School memories	Proudest achievement	Goodbye Message	Goals
<p>Decorate a box or jar and fill it with your favourite memories of your time in Vallis. They could be lessons, school trips, visitors, performances or things your teachers and TAs have done. You could draw pictures, write sentences or use objects.</p>	<p>What achievement are you most proud of at school so far? Create a medal to celebrate this.</p> 	<p>Write a goodbye message. This could be to your class, a friend, teacher, TA or the whole school.</p> 	<p>Think of five things that you would like to achieve next year. How will you achieve them? Who could help you? How could you show these creatively?</p> 
<p style="text-align: center;">We would really love you to share your messages on Virtual Vallis. These could be your favourite memories or your goodbye messages.</p>			
<p>Create your own mini sports day with your family. You can even invite another family to join you. What events could you have? Will you make medals? Make sure you take lots of photographs to share!</p>	<p>Think about your science experiments last week. If you melted chocolate, can it return to a solid? Will it be the same shape? What other reversible or irreversible changes can you think of? Can you turn steam back into water?</p>	<p>Think about your star qualities from last week. We know how talented you all are. As we approach the end of the year, we would love you to showcase your talents on Virtual Vallis or email them to your teacher.</p> <p style="text-align: center;">We would love to have enough contributions to make an end of year video montage.</p>	<p>If you would like more structure you can refer to</p> <p>https://www.bbc.co.uk/bitesize or https://www.thenational.academy/ where you will find daily lessons for Maths, English and other subjects. Just click on your child's year group.</p>
