

Moon and Sun Class Overview

Spring 1 2022

Long term theme - 'Seasons and Change'

Short term theme - Happy New Year-Happy Healthy Me!

The children have had a lovely start to school, forming important relationships and adjusting to their new environment and routines. They have learned about the physical changes that happen during autumn and talked about the festivals and celebrations that happen during the autumn months such as: Harvest, Halloween and Bonfire Night. They have learned all the Phase 2 phonics and are working within Phase 3. In maths, they have learned all about numbers 1-5, matching and sorting and patterns. Much of our planning has come from the children's interests; please ask your child's teacher to see the class 'Big Book' for all the super things your children have been doing.

Winter

During this term the children will continue to observe the features of winter, including physical changes around them and learn traditions and celebrations such as: Christmas, New Year and Valentine's Day. They will continue to learn Phase 3 phonics. In maths, they will be introduced to zero, compare numbers to 5, learn the composition of 4 and 5 and compare mass and capacity.

During this term we will celebrate the New Year with a 'Healthy Happy Me!' We will learn about healthy foods, exercise, personal care and oral hygiene.

We have learned these sounds
s a t p i n m d g o c k c k e u r h b f ff l ll ss
j v w x y z qu ch sh
and these tricky words
I no go the to into he be we me she
We learned to read these words
van wax zigzag jump quack lunch
